**These consolidated lawsuits and this resulting settlement do not cover or compensate claimants for losses/damages caused by the winds of Hurricane Katrina or the initial flooding caused by Hurricane Katrina.**

These suits and settlement funds relate to damages caused by the rupture of Shell Pipeline Company LP's pipeline near Nairn, Louisiana, on or about August 29, 2005, and/or the failure of the hurricane protection levee near Shell's Nairn facility through which the Shell pipeline was placed.

Each claim has been evaluated on an individual basis according to the methodology established by the Special Master in his Motion To Approve Allocation Protocol (a copy of which is available at [www.nairnclaims.com](http://www.nairnclaims.com)) and approved by the Court, utilizing your individual sworn proof-of-claim. Everyone has been evaluated by the same rules. The amount shown below is your Allocation. This Allocation represents the net amount of your recovery; that is, your gross recovery less attorneys' fees and Litigation and Settlement Administrative Costs, which have been approved by the Court. In addition, if your personal attorney (if any) has advanced any funds or costs on your behalf, or if there are any liens, seizures, assignments, judgments, or other encumbrances which may be legally required to be deducted from your allocation, this will reduce your Allocation accordingly.

**The amount of your Allocation is \$1,166.53.**

If the Court grants final approval to the Allocations as recommended by the Special Master, and when all appeal delays have expired, you will be notified when, where and how to get your money.

**IF YOU HAVE NO OBJECTION, IT IS NOT NECESSARY THAT YOU TAKE ANY ACTION OR ATTEND ANY HEARING.**

**IF YOU OBJECT TO YOUR ALLOCATION, YOU MUST READ AND FOLLOW THE INSTRUCTIONS IN THE NOTICE OF YOUR RIGHTS ON THE BACK OF THIS PAGE.**

**IMPORTANT**

**Please read the NOTICE OF YOUR RIGHTS on the back of this page.**
